MUSKAN JOSHI

+91-9302165438 | muskanjoshi24122005@gmail.com | LinkedIn | GitHub

Professional Summary

Computer Science Engineering student with knowledge of Java, Python, C++, SQL, HTML, CSS, JavaScript, and Bootstrap. Experienced in developing software applications using Python, Flask, SQLite, and MySQL. Built StudySync AI, a student planning web application, and FileSense AI, a desktop file organization tool. Interested in full-stack development and practical software solutions.

Technical Skills

Programming Languages: Java, Python, C++, JavaScript, SQL
Web Technologies: HTML, CSS, Bootstrap, Flask
Tools and Databases: Git, GitHub, MySQL, SQLite, Tkinter
AI/ML Technologies: OpenCV, YOLOv8, ByteTrack, Scikit-learn
Core Concepts: OOP, DBMS, Machine Learning, Responsive Web Design
Algorithms and Techniques: TF-IDF, Cosine Similarity, Levenshtein Distance, SHA-256

Projects

StudySync AI – Smart Student Planner **Oct 2026**
Python, Flask, SQLite, HTML, CSS, JavaScript

- Developed a web-based student planner to manage subjects, study tasks, exam schedules, and academic progress.
- Implemented a dashboard, exam countdowns, and a rule-based timetable generator to simplify study planning.
- Integrated SQLite for persistent data storage and designed a responsive interface with a 25-minute focus timer.

FileSense AI – Intelligent File Administration System **Feb 2026 – Jul 2026**
Python, Tkinter, SQLite, Scikit-learn

- Developed a desktop application for intelligent file organization and duplicate file detection.
- Used SHA-256, TF-IDF, Cosine Similarity, and Levenshtein Distance for file comparison and similarity analysis.
- Built a Tkinter interface with SQLite for local data management.

BloodBond – Blood Donation Management System **Sep 2025 – Dec 2025**
HTML, CSS, JavaScript, Java, MySQL

- Developed a web-based system for donor registration and blood request management.
- Worked on login, OTP verification, responsive interfaces, and MySQL database integration.

Training and Leadership

Java Full Stack Developer Trainee **Mar 2024 – Jun 2024**
Infoviaan Technologies, Indore

- Completed hands-on training in Java Full Stack Development, web technologies, and database integration.

Technical Subhead – PIEMR AI Club **2025 – 2026**
Prestige Institute of Engineering, Management and Research

- Collaborated with club members to coordinate technical events, workshops, and technical sessions.

Education

Prestige Institute of Engineering, Management and Research, Indore **2023 – 2027**
B.Tech in Computer Science Engineering
SGPA: 8.46 | CGPA: 7.66

Matushri Ahilyadevi Public School **2021 – 2023**
CBSE Class XII: 67% | Class X: 93%

Certifications

- Java Full Stack Development – Infoviaan Technologies
- Design Thinking and Community-Based Design – IUCEE
- Microsoft Azure Machine Learning and Introduction to Machine Learning
- AWS Cloud Fundamentals and NVIDIA AI Fundamentals
- Infosys Programming Fundamentals; MathWorks Machine Learning and Deep Learning
